BODA GAMES

MANUFACTURING

Thank you for your interest in Boda Games Manufacturing! We are a full-service board game manufacturing company, dedicated to turning the best game ideas into reality. With over a decade of experience in the industry, we have the knowledge and expertise to bring your board game to life.

We're proud to hold several key industry certifications, including FSC, BSCI, Disney FAMA, and NBC Universal. These certifications reflect our commitment to sustainability, social responsibility, and quality.

From concept to production, we offer a wide range of services to support your game development journey. At Boda Games, we have the capabilities to produce all types of game components—whether they're made from paper, wood, plastic, metal, or miniatures. Our team of experienced professionals will work closely with you to understand your vision and bring your game to life using the latest printing technologies and high-quality materials.

Thank you for considering Boda Games Manufacturing for your project. We look forward to partnering with you to bring your game to life!

BODA GAMES MANUFACTURING Consulting Services

Helping you make your board game the best it can be.

With extensive experience in the industry and numerous projects under our belt, Boda Games offers expert guidance to board game publishers and designers aiming to bring their games to market. Whether you're new to the field or a seasoned publisher, we can help you navigate the complexities of board game manufacturing. We work together closely with our clients to understand their vision and objectives, providing personalized support to bring their ideas to life.

Our team possesses deep knowledge of various manufacturing processes and materials, and can offer valuable insights into selecting the right components and meeting production deadlines.

We'll help you grasp the costs, trade-offs and materials involved in different manufacturing options, enabling you to make informed decisions about the best path forward for your game.

If you need expert support in the board game manufacturing process, don't hesitate to contact us. We're just an email, phone call or video meeting away. Our ultimate goal is to help our clients create successful, engaging and fun board games. Let our experience in making board games be your benefit!

**SO DON'T HESITATE TO ASK US ANY QUESTIONS
OR ADVICE YOU MIGHT BE LOOKING FOR,
BECAUSE THAT IS WHAT WE ARE HERE FOR!**

Crowdfunding Campaigns

Looking to launch a successful crowdfunding campaign for your board game? Boda Games is here to help. With our extensive experience in the board game industry and countless successfully funded projects under our belt, we know what it takes to turn a great game idea into a fully funded project.

At Boda Games, we offer comprehensive support tailored specifically for publishers and game designers preparing for crowdfunding. We know it can be overwhelming, especially if it is your first time, to take care of all the different steps when preparing your crowdfunding campaign. So we are here to help, from prototype development to advising on components and materials, we ensure that your game is ready to impress backers. We can also help you define compelling stretch goals that excite your audience and set realistic production timeline expectations, both of which are crucial for a successful campaign.

Our team provides valuable insights into optimizing your game's design for manufacturing, ensuring you stay within budget while delivering a high-quality product. We work closely with you to align your vision with the expectations of the crowdfunding community.

Let Boda Games be your partner in bringing your board game to life through crowdfunding. Visit our website at www.bodagames.com to learn more about how we can support your campaign and help you reach your funding goals. We can't wait to see your next project live on Kickstarter, Gamefound or somewhere else!

Boda Games is
proud to work with:

...AND
MORE!

FSC certification stands for Forest Stewardship Council certification. It is a global organization that promotes responsible management of the world's forests. FSC certification is a way for companies to show that their products are made from materials sourced from well-managed forests, which means that the forests are harvested in a way that ensures they will continue to thrive and support biodiversity.

When it comes to board games, FSC certification can be important because it shows that the paper and other materials used in the game are sustainably sourced. This means that the game has been produced in a way that takes into account the long-term health of the planet and its forests. Choosing FSC-certified board games can help support sustainable forestry practices and reduce the demand for materials from unsustainable sources.
